

Eyeball Dangler Instructions

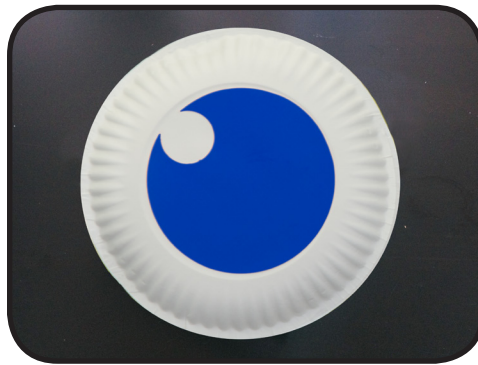

Supplies*:

- White paper plates
- Colored construction paper
- Scissors
- 1.5" circle punch
- Glue
- Fishing wire
- Tape
- Stapler

Directions:

1. Lay two paper plates upside down.

2. Trace and cut out a large circle from construction paper. Use a large circle punch or scissors to cut out a smaller circle near the edge to form the eye highlight. Glue the circle onto the center of the paper plate. Repeat this step for the second plate.

3. Flip one of the plates over. Cut a long piece of fishing wire and fold in half. Place both ends of the wire on the inside of the plate, having the loop stick out at the top of the plate. Tape the wire in place.

4. Place both plates back to back and staple them together.

5. Hang the finished project from the ceiling by the fishing wire.

*Remember, these are only suggestions. This project should be fun and creative, so use supplies you have on hand for substitutions.
